LI HUNG CHANG LIVES.

He Is Making Good Progress Toward Recovery.

THE BULLET NOT YET EXTRACTED

It Is Imbedded in His Cheek Three Centimeters Deep—The Would-Be Assassin Reported to Be a Lunatic With a Criminal Record—Latest Movements of the Armies.

SHIMONOSEKI, March 26.—Li Hung Chang is making good progress toward recovery from the effects of the bullet wound in his face inflicted Sunday by Rokunosuki. The wound has developed no serious symptoms.

Surgeons Sato and Ishiguro are attending Li Hung Chang by imperial command. Li objects to the extraction of the bullet, which lies a centimeter under his left eye. The wound is three centimeters deep. Li sleeps well. The Empress of Japan has sent two nurses to attend him. Letters and telegrams expressing regret and sympathy are pouring in from all directions.

The would-be assassin is reported to be a lunatic. He has a criminal record, and has served a term of imprisonment.

EFFECTS OF THE ASSAULT.

Opinions of the Affairs as Gathered From Officials in Washington.

WASHINGTON, March 26.—Information coming to the Chinese legation is to the effect that Li Hung Chang's wound is not dangerous, except as complications may develop. It is in the fleshy part of the face, but fortunately no part of the skull has been fractured or any vital organs reached. Prince Li's advanced age and several constitutional disorders, which make him almost an invalid, however, may aggravate another wise harmless wound. On his arrival at Shimonoseki, Li was too sick to leave the ship which brought him. He had to be carried about, this being a necessity in his case, as well as an honor due his rank.

Officials of the Japanese legation say that the offender will probably be charged with treason, as the assault is not only against the person of Li Hung Chang, but also against the Japanese government. It is probable, also, that the trial will be by continental, if the martial law existing at Hiroshima has been extended to Shimonoseki. Conviction by continental would mean that the offender would be shot, while hanging would be the penalty if a civil court convicted him, that form of capital punishment having been substituted for decapitation in Japan.

In this connection officials say the "Lord High Executioner," of "Mikado" fame, never had an existence in fact.

Mrs. John W. Foster, wife of the ex-secretary of state, who accompanies Li Hung Chang in an advisory capacity, has not heard from her husband concerning the shooting. She regards this as favorable, as he assured her he would use the cable freely. Mr. Foster's last letters came from Shanghai prior to joining Li at Tien-Tsin. Apparently Mr. Foster regards a peaceful settlement as sure to come. The letters speak of the care the Japanese government took to prevent a popular outbreak when the first peace commission met at Kobe. So fearful was the government that the anti-peace feeling might bring out some shooting, such as that which has occurred to Li, that all school teachers were directed to teach Japanese children that it was a necessary feature to civilization to record every respect to foreigners.

Diplomats here are inclined to believe that the entire peace negotiations possibly may be broken off by the assault on Li, by affording a pretext for European intervention. Li himself, however, will prevent a failure of peace negotiations if it be possible for him to do so, as the empress dowager has so impressed upon him the necessity of returning to China with a peace settlement, that full, if it is asserted, will be followed by his committing suicide.

Officials there regard it as settled that Russia and Japan have reached an understanding by which the former will extend her territory southward from Vladivostok, thus securing a Pacific harbor open the year round. This has been an acquisition Russia has long sought, as it gives an eastern ocean outlet to the great Siberian railroad. The undertaking is regarded as so definite and settled that those diplomats here who are most concerned with the subject say Japan is now assured of Russia's support urging heavy concessions from China.

LATEST WAR NEWS.

Chinese Preparing for an Attack at Foo-Choo, Amoy and Swatow.

A Hong-Kong dispatch to The Times says that precautions against a Japanese attack have been taken at Foo-Choo, Amoy and Swatow. The harbor of Amoy has been planted with torpedoes, and it is thought probable that the Japanese will make an attempt to capture that place.

The Chinese steamers are unable to enter the harbor of Tamsui, in northern Formosa, owing to torpedoes.

The coolies employed on the wharves in Hong-Kong have gone on a strike. A number of soldiers and convicts are employed in discharging and loading vessels.

FOREIGN DIAMOND CUTTERS.

There Is Still Some Hope That They Come to the United States.

NEW YORK, March 26.—The 61 diamond cutters who came over on the White Star line steamer Majestic last week and were barred as paupers failed to become public charges, have still a chance to land in the United States. There are 127 in the lot, but none can prove contract laborers, which the Ellis Island authorities believe is the case. The 61, however, not being provided with sufficient funds to satisfy the board of special inquiry, were held and ordered deported.

Manager Curtis of the White Star line went to Ellis Island yesterday and had a conference with Commissaries Seiner relative to the deportation of the men which will take place Wednesday next unless the decision is reversed. Mr. Curtis stated that the steamship company would furnish a bond that the men would not become public charges within a year. The legal bond in such cases is \$500, or \$30,500 for the entire number. Dr. Seiner at once telegraphed the proposition to Secretary Carlisle and intimated that he favored their release as they were all robust and capable of earning a living in the country. A reply has not yet been received from the secretary.

The trial of Francis Van Reith, the diamond cutter who came with 12 others on the Westerland, and who made affidavit that all had come under contract for a firm, which evidence barred the lot, was begun yesterday. He was represented by Lawyers Howland of this city and James of Cincinnati. He now declares that he is worth \$100,000, and came over with a view to establishing a business in Cincinnati. He is said to be the most expert member of his trade living, and has cut the largest stone in the world. The trial is expected to come in several days.

THE REVOLVER WENT OFF

Rough and Tumble Fight in the Chicago Stock Exchange.

CHICAGO, March 26.—W. H. Jennings, proprietor of the Equitable Produce and Stock Exchange at 151 Jackson street, and Horace Parker of Chicago came to blows yesterday on the trading floor of the exchange over a deal which Parker had with the proprietor in wheat. Parker, during the scuffle, drew a revolver with the intention, as he says, of frightening Jennings. In the scuffle both men fell to the floor and the revolver was discharged. The bullet lodged in the wall and did not injure any one.

Officer Langlum heard the shot and rushed to the scene. He placed both men under arrest. Parker admitted having drawn a revolver, but said he did so to frighten Jennings. He said the discharge of the revolver was purely accidental. Jennings told the officer that the trouble arose over a deal in wheat which he was conducting for Parker. He said Parker came into the exchange yesterday afternoon and began abusing him and eventually struck him in the face.

Mr. Jennings said he tried to defend himself and both men clinched. He said he did not think the discharge of the revolver was intentional, as Parker could have used it before if he had so wished. He said that when they fell the revolver was discharged. Both men were locked up at the Harrisou street police station. The exchange is in the Grand Pacific hotel and the report of the revolver created a lively panic for a few moments in the hotel office.

Shooting Affray Between Farmers.

BOWLING GREEN, Ky., March 26.—News has been received here of a serious shooting affray between two farmers in Butler county, near Reedyville. The men are James Simpson and Milligan Wells. Wells emptied the contents of a double-barreled shotgun into Simpson's abdomen after the latter had snapp'd a pistol at him several times. The men had been at odds for some time, and meeting at a public gathering near Reedyville, renewed their quarrel. Simpson is desperately wounded and will die. Wells has fled.

Shot His Son-in-Law.

ELIZABETHTOWN, Ky., March 26.—Last night, near this place, Dave Nichols shot and killed Ike Horn with a shotgun, blowing the top of his head off. Horn was a son-in-law of Nichols and the shooting arose over the treatment of Horn's wife, he having beaten her and threatened to kill her. Mrs. Horn had left her husband and gone to live with her father. Horn went to the house last night and the shooting followed. Nichols who bears a good reputation came to this place and surrendered himself.

He will leave here at 1:30 p. m. on Wednesday, going to Jacksonville, Fla., where the night will be spent. On Thursday morning he will run over to St. Augustine, spending the day and night there. BRITISH ULTIMATUM.

Importance of England's Demands of Nicaragua.

STATE OFFICIALS INTERESTED.

The State Department Is Deeply Concerned in This Matter and a Statement from Ambassador Bayard, Explaining the Purpose of Great Britain, Is Anxiously Looked For.

WASHINGTON, March 26.—Dr. Gutzman, the Nicaraguan minister, was at the state department Monday and the inference is that he has been consulting Secretary Gresham respecting the British ultimatum. It is evident that the state department is deeply concerned in this matter and a statement from Ambassador Bayard, explaining the purpose of Great Britain, is anxiously looked for.

It is not believed that our government can object to the creation of a commission of fair complexion to ascertain and fix damages sustained by British subjects in Nicaragua, and the issue appears to have narrowed down to the demand of an indemnity of \$5,000 for the expulsion of Mr. Hatch, the British consular agent at Bluefields. It is felt here that owing to the depressed financial condition of Nicaragua, this is rather an exorbitant demand, but aside from this there is already a disposition to examine into the matter further and ascertain whether the Nicaraguan government did not act entirely within its rights in expelling the consular agent.

It was charged by the Nicaraguans that Hatch, who was not a diplomatic officer, and so could claim no exemption on that score, took an active part in the political turmoil at Bluefields, and did much to secure the overthrow of the Nicaraguan government in the town, and the reinstatement of Chief Clarence. If this were true, then under ordinary conditions there would be little doubt of the right of the Nicaraguan government to expel him from the country.

But the conditions in Bluefields at the time were not ordinary, for according to the British contention the Mosquito reservation was actually under a British protectorate up to the date of the Mosquito convention, which resolved upon the incorporation of their lands into Nicaragua, and that before this latter date the Nicaraguan government could not exercise any such right as that of expulsion or the oppression of British subjects in the reservation, hence the demand in the case of Hatch is entirely different from any case on record, and it is felt at the state department that it will require the exercise of great caution to safely determine upon a line of policy that will not lose for the United States the respect of the smaller republics and at the same time will not violate any of the principles of international law and equity.

The Ultimatum Looked.

BALTIMORE, March 26.—The City of Pava, with broken blades, has been towed into Norfolk. The accident will cause no serious delay. Among the passengers on board the vessel is Senior Modesto Barrios, the envoy extraordinary and minister plenipotentiary of Nicaragua, who was bound home to Leon, Nicaragua. He is carrying the ultimatum from Great Britain to his government.

CONSPIRACY IN A POSTOFFICE.

A Stamping Clerk in Savannah Suspended and Likely to Be Removed.

SAVANNAH, March 26.—Allegations of conspiracies in the Savannah post-office are under investigation. Stamping Clerk Page has been suspended and his removal recommended. It is charged that he circulated a document, by which signers pledged themselves not to report errors in one another, and to protect one another in every way possible. The stamping clerk is to work for the dismissal of certain other employees.

Charges have been made also against at least one other employee. There are said to be religious matters involved. Catholic employees and their friends made complaint, asserting that there is an A. P. A. conspiracy in the postoffice to secure their removal. The Slattery outbreak which occurred here a short time ago is supposed to have started the trouble.

One Man Killed and Two Injured.

CRESTON, O., March 26.—During the high wind that prevailed yesterday the side walls of a 2-story brick building, in course of erection on Main street for Griscom Brothers, collapsed, burying three persons. One of them, Jacob Wentz, the contractor, was taken out dead. His body was terribly crushed. Andrew Baird sustained a broken arm and a slight fracture of the skull, and Martin Murray was internally, but not seriously, injured. Wentz leaves a wife and three children.

Fatal Wreck at Mansfield.

MIAMI, O., March 26.—About 7:40 Monday northbound passenger train No. 6, on the Big Four, leaving Cincinnati at 6:01 a. m., struck a farmer's wagon at the brewery crossing at this place, killed the driver and horses and smashed the wagon to pieces. The vehicle was loaded with stoves and household furniture, and these share the fate of the wagon. The name of the driver of the wagon, who was killed, is George Hurley. He was thrown fully 80 feet.

VINCENNES, Ind., March 26.—Gus Lavel, proprietor of the Farmers' Kentucky saloon, shot himself through the head yesterday and will die. He was suffering from rheumatism.

THURSTON WILL RETURN.

He Will Start at Once for San Francisco and Will See Next Week.

NEW YORK, March 26.—A special from Washington says: Minister Thurston has accepted the indignity imposed upon him by Secretary Gresham and has decided to leave this country without waiting for formal notice from his government to return.

Mr. Thurston reached this conclusion suddenly, and announced it to his friends yesterday afternoon. He declined to discuss his case in any manner, and merely said that he would start for San Francisco at once and take a steamer sailing for Honolulu next week.

PRESIDENTIAL APPOINTMENTS.

Ex-Congressman Onthwaite of Ohio Is in Good Position.

WASHINGTON, March 26.—The President has made the following appointments:

Joseph H. Onthwaite of Ohio, to be a member of the board of ordnance and fortification, vice Byron M. Cutcheon, resigned.

Julius G. Tucker of Texas, consul of the United States at Martinique, West Indies.

Mr. Onthwaite is well known in political circles through his work in the house of representatives, where he has always been one of ex-Speaker Crisp's lieutenants and in fact has been the ex-speaker's chief representative on the floor from the northern states. He was a member of the house committee on rules in the last congress and also chairman on military affairs. He has been a warm friend and admirer of President Cleveland. The office is worth about \$7,000.

Mr. Onthwaite's predecessor was also formerly a congressman, and had served in the house as chairman of the committee on military affairs in the last republican congress. Mr. Onthwaite is a native of Ohio, having been born in Cleveland in 1841. He was a school teacher in early life, and subsequently became a lawyer. His present home is in Columbus. He served in the last five congresses, but was defeated last November.

EVIDENCE OF A MURDER.

A Food Crime Has Probably Been Perpetrated in a Boxcar.

TOLEDO, March 26.—What is taken to be evidence of a brutal murder was discovered in a Baltimore and Ohio boxcar which reached here over the Michigan Central from Detroit Sunday morning. When the car was opened there was a pool of blood in the center, besides which were a number of bloody stones, which had been used as weapons, presumably upon the head of the unfortunate victim. The sides of the car and even the roof were bespattered with blood, and a bloody collar and necktie, near the scene of the struggle, had probably been wrenched from the throat of the victim during his struggles.

As nearly as could be judged from the marks and tracks inside the car, the victim had been assaulted by two men. He had been thrown down and beaten within a few feet of the side door, and after being killed or reduced to insensibility, his body had been dragged to the door. Prints of bloody fingers showed that this had been opened and then the victim thrown out. The door had been closed from the inside, after which the two occupants of the car had made their exit by the opposite entrance.

Murder Stabbing Affray.

NEW YORK, March 26.—Patrick Nevin was fatally stabbed by John McCullough in the tenement in East Eighteenth street, occupied by Nevin and his family, at midnight. McCullough, who was a tenant of the same building, broke into Nevin's room, according to the story told by the wounded man and his wife, and without provocation attacked Nevin with a knife, stabbing him in the abdomen and twice in the breast. McCullough is in custody.

No Trouble at New Orleans.

NEW ORLEANS, March 26.—The negroes went to work on the levee yesterday morning without military protection. The soldiers are held in their armories in case of trouble. As many of the so-called rioters, who made the murderous assault on the colored laborers, two weeks ago, are under arrest, it is not believed there will be any further violence until the murderers are well out of their present trouble with the law.

Delaware's Senatorial Contest.

DOVER, Del., March 26.—Strenuous efforts are being made to effect a compromise between the Higgins and Adicks factions and it is confidently expected that a United States senator will be chosen this week. WILLIS COLKMAN, colored, was fined \$10 and costs in the Police Court Monday for disorderly conduct. Willis wrote a note to his sister-in-law inviting her to go out with him and another couple and have a good time, promising to furnish the liquor. The mother of the girl intercepted the note and had Willis arrested with the above result.

HORN LOUGHRIE, colored, charged with shooting and wounding Mr. John Osborne last Saturday night, was given a hearing before Squire Braemel Monday afternoon, and was held in the sum of \$500 for his appearance at the next term of the Circuit Court. In default of bail he was remanded to jail. Osborne is getting along very well.

POLK CALAMENE, colored, got drunk at Versailles and was found next morning hanging on the cemetery fence. When found his head was fastened securely between two of the pickets in the fence with the face resting on the rail, while his body hung down, allowing the knees to come within a foot of the ground. The presumption is that he went to the fence to throw up some of the liquor he had consumed, and while standing there fell asleep on the fence, his feet slipping from under him and his head fastening itself between the pickets.

HON. WILBUR F. BROWDER, the attorney for the L. and N. in the separate coach case which was recently tried at Owensboro, states to a representative of the Owensboro Messenger that the case will not likely be appealed to the United States Supreme Court. Mr. Browder says that the decision of Judge Barr did not involve a vital question affecting the action of the railroads in enforcing the Separate Coach law and that the company will not go to a higher court. Rev. Anderson, of Evansville, will be paid the one cent damages awarded him and the case will be dropped.

CHICKEN FIGHTING.

Another Main Occurred Last Night Somewhere Below Aberdeen. The Winne s.

Another chicken fight occurred last night.

Sports were present from Covington, Fern Leaf, Tuckahoe, Murphysville, this city and Aberdeen.

The Covington crowd got the worst of it.

The fight, or rather the fights, occurred somewhere below Aberdeen. The steamer M. P. Wells took the crowd down, leaving here about 9 o'clock.

The first fight of the evening was between a red cock from Covington and an Irish grey from Fern Leaf. The match was for \$75. The odds were in favor of Covington but the Fern Leaf rooster won. In the second main, Murphysville and Covington were matched for \$50, the former winning. The two birds were again matched, and Covington again lost.

Tuckahoe and Maysville were matched in the next contest. Maysville showed the only runner of the evening, and Tuckahoe pocketed \$25.

Fern Leaf next put up a blue chicken against a Cincinnati stag. This was a hard fight, but the Fern Leaf chicken won, \$50 changing hands.

Aberdeen and Covington were pitted against each other in the next main, Aberdeen taking the money, \$25.

In the seventh match Aberdeen and Covington were again pitted against each other, and Covington took the only money she won during the evening, \$25.

The eighth match was between Maysville chickens, \$25 changing hands.

The Tuckahoe, Fern Leaf and Murphysville crowd pocketed most of the money.

The Lyceum Company.

The Lyceum Theatre Company presented "Queen" at the opera house last night and seered a hit.

It is safe to say that no better repertory company has ever visited Maysville.

Miss Anna Davis appeared in her famous role of "Queen" and played it as only she can. Mr. Walters was decidedly good as "Lord Walter." Mr. Wesner as "John Henry" and Miss Gonzalez as "Florence" capture the audience with their delightful comedy and pleasing specialties.

The other members of the company were good in their parts, especially Mr. Andrew Forsyth, who though he played the thankless part of "Clarence," easily showed he was capable of better things. Little Nellie must not be forgotten either as she delighted the audience with her acting and dancing.

To-night the company will be seen in "The Wages of Sin." Popular prices, 10, 20 and 30 cents.

On account of the Bloom concert to-morrow night, the Lyceum people will give no performance here on that night, but will be here on the remaining nights of the week.

Miss Cartwright, the Evangelist.

The M. E. Church was again crowded last evening to hear this earnest preacher of the gospel. Miss Cartwright took for her text Luke xi, 13, her subject being "Indifference." She thought indifference in spiritual matters was the greatest drawback the Christian people of Maysville had to contend with, and she earnestly pleaded for all to get out of this mood at once. One person went to the altar for prayers, but a large number of others asked to be prayed for. Services at 2 p. m. and 7 p. m. to-day. You are invited.

Kentucky's Coal Output.

The annual report of State Inspector of Mines, C. J. Norwood, shows that the output of the mines in Kentucky, bituminous and cannel, for 1894, amounted to 2,952,670 short tons, which was less than for either of the two immediately preceding years, and but 2,534 tons greater than for 1891.

Compared with the production for 1893 (3,302,250 tons), the 1894 output shows a net decrease of 349,580 tons. The decrease was less than would have been the case had not the production of the Western district been increased.

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

MASON COUNTY ASSESSMENT.

THE STATE BOARD of Equalization Thinks it is Not High Enough. The Raise

THE STATE BOARD of Equalization has decided that Mason County's assessment this year is not quite high enough when compared with the assessment of other counties, and thinks that an increase of 12 per cent on lands and personality and 4 per cent on town lots would make the totals about right.

JUDGE HUTCHINS has received notice to this effect. He has also received notice that the Board will, on April 6th, hear any arguments the county wishes to make against the contemplated increase. He will appoint a committee in due time to go before the Board at Frankfort, and protest against any increase at all in the assessment.

The contemplated increase is not as heavy as the increase a year ago. The increase then was 16 per cent. on lands and personality and 12 per cent. on town lots.
